LIGHTS, CAMERA & DAZZLE!

Matrix presents Blackspa™ Treatments; the specialist care treatments for dark tresses!

Long dark hair that truly dazzles with good health has always been something Indian women take pride in and love. At the very mention of beautiful hair, one finds oneself conjuring up images of women with lustrous, voluminous dark hair that bounces with vitality and sheen. Wearing a sleek look with dark tresses remains in style even with the ever-changing trend and fashionistas across the world swear by this look even today.

To help maintain the shine and beauty of your dark mane, Matrix, the World's leading American professional brand offers two revolutionary trademarked services: the **Blackspa™ Treatments** from its haircare range Opti.black Dazzling Shine!

With all black formulae, the Blackspa™ Treatments are the first-of-its kind in-salon treatments that protect dark coloured hair and add brilliant shine to dull dark hair. Armed with the power of Antioxidant Vitamin E, the range has 2 customized treatments to offer:

In-Salon Treatments

Supreme Shine and Protect Blackspa™ (60 minutes)

This supreme shine enhance treatment intensely nourishes and treats hair post a dark hair colouration service. This treatment protects dark coloured hair for up to 24 washes*.

Recommended for: Clients who opt for grey coverage colouration with any dark shade of hair colour (For example – Shade # 1, 2, 3.26, 4, 4.35, 4.62, etc.)

Mirror Shine Blackspa™ (30 minutes)

This professional shine enhancement treatment imparts brilliant mirror shine throughout the lengths of the hair and ensures that your dark hair dazzles noticeably more than ever.

Recommended for: Clients with naturally dark hair that lacks shine.

The use of Opti.black homecare range includes a shampoo, conditioner and a serum to maintain the dazzle at home. **SS**
